

2024 | Medical Power Solutions Product Portfolio

Company Profile

TRACO Electronic AG is a Swiss company with headquarters based in Baar, Switzerland. As a leading power supply specialist with more than 40 years experience we are dedicated to the design and manufacturing of high quality DC/DC and AC/DC power conversion products.

TRACO markets its products worldwide under the registered trademark TRACO POWER. Our mission is to provide our customers with optimal power supply solutions in terms of performance, quality and cost for their individual application.

TRACO POWER Products for applied versus non applied medical requirements

For non-applied parts sections of medical equipment, power and safety requirements can be satisfied by any of Traco Power power supplies, non-medical for 1 × MOPP applications and medical rated power supplies for all other MOPP levels. If this part of the system is attaching to a DC input from a non-medical rated power supply, then use of our DC/DC Converters should satisfy safety requirements for 1 × MOPP / 2 × MOPP applications.

For applied parts sections of medical equipment, the clearance and creepage distances, as well as a secondary isolation barrier are required to further isolate the patient from potentially high voltages (2 × MOPP is means of patient protection). The isolation barrier may be satisfied using Traco Power medical rated 2 × MOPP AC/DC power supplies or DC/DC converters.

Even this reinforced insulation system does not unconditionally qualify a power supply unit and DC/DC converter for medical applications. Particular and collateral standards also require that a risk/quality management System be in place at the component level, especially for safety critical applications.

TRACO POWER products for applied parts applications with a 2 × MOPP rating, have been carefully designed and manufactured to the highest standards to meet the increased quality, reliability and safety standards for medical equipment. These products have fully regulated output voltages and feature:

- Product certification according to IEC/EN/ES 60601-1 3rd edition for 2 × MOPP
- Risk management process according to ISO 14971 including risk management file
- EMC emission and immunity according to IEC 60601-1-2 edition 4
- Acceptance criteria for electronic assemblies according to IPC-A-610 Level 3
- Design and production according to ISO 13485 quality management system
- 5-year product warranty

DC/DC converters 1-60 Watt 2:1 | 4:1 AC/DC power supplies 5-850 Watt

TPP 600A **NEW – under development** **600 Watt**

- 600 Watt open frame power supply in 5" x 3" package
- Industrial (62368-1), Medical (60601-1, 2 x MOPP) and Household (60335-1) approvals
- EMC compliance to IEC/EN 60601-1-2 4th edition
- Operating temperature range -40°C to +70°C
- Active PFC > 0.95
- High efficiency up to 94%
- Isolation (4000 VAC) and leakage current (<100 µA) rated for BF applications
- Operating up to 5000 m altitude
- 5-year product warranty

Model	Output Voltage nom. (adjustable)	Output Current max.	Efficiency typ.
TPP 600-124A	24 VDC (24 – 24.72 VDC)	25 A	tbd
TPP 600-128A	28 VDC (28 – 28.84 VDC)	21.4 A	tbd
TPP 600-136A	36 VDC (36 – 37.08 VDC)	16.7 A	tbd
TPP 600-148A	48 VDC (48 – 49.44 VDC)	12.5 A	tbd

TPP 850A **NEW!** **850 Watt**

- 850 Watt open frame power supply in 6" x 4" package
- Industrial (62368-1), Medical (60601-1, 2 x MOPP) and Household (60335-1) approvals
- EMC compliance to IEC/EN 60601-1-2 4th edition

TRACO POWER dedicated to design and production of high quality, state-of-the-art DC/DC & AC/DC power conversion products. Our mission is to provide optimal power supply solutions for specific applications with regard to performance, quality, cost and functionality.

TRACO POWER stocks an average of USD 25+ million in available finished goods inventory for immediate shipment through our distribution partners.

TRACO POWER offers extended product life-cycles, typically 10+ years, and our products are supported by a 5 year product warranty. We understand our customers require a high quality solution as well as a diverse product offering, availability from stock, extended life-cycles and a strong commitment to quality in the form of extended warranty to support their business.
